Dear <insert municipality>,

I'm writing to show my support for more affordable housing in our community. We need to increase housing initiatives that provide opportunities for vulnerable people to live independently and build strong connections to their communities.

Ending street homelessness should be a priority. But success cannot be achieved alone. It requires commitment from all levels of government, and widespread support from the community. And this letter shows that you have my full support.

I believe a home for every person is possible and more options like social housing can help end homelessness in our lifetime.

Sincerely,

<insert your name>
